

Good News Reflections

June 5, 2024

We will be going "Old School" tonight

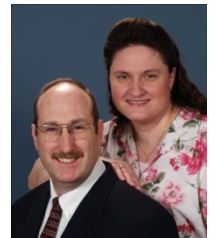

Dear Praying Friends,

We have so much to share with you about how God has been working in our meetings; and how He has been providing for our new home. That update is still in the works, and we plan to have it out soon.

We have an urgent prayer request. Two weeks ago today, Tim's computer crashed (*a local computer tech is working now to retrieve the data*). There are years of **messages** and **illusion** patters on that hard drive - please pray that he is able to retrieve those files (*Tim has hard copies, but not recent computer back-ups*).

It took about a week (*due to the Memorial Day weekend*) for us to find out that the computer was not repairable. We purchased a new computer (*that will handle video projection*), and were finally able to update the video presentation software yesterday, but the program froze-up last night and is still not working. Please pray that we can get the video projection running for the rest of the week and summer. Pray especially that God will enable the computer tech to retrieve all of Tim's files.

Tonight, we begin a *Vacation Bible School* at **Shenandoah Baptist Church**, in Cleveland, TN. We will be going "**Old School**" tonight (*using a large Wordless Book to illustrate the message, along with a Christmas present to illustrate God's gift of Salvation*). That takes us back about 24 years to BVP (*Before Video Projection*). We know God's Word isn't dependent on our tools – and His Word will never return void! We look forward to sharing with you all of God's blessings from this week!

Please pray with us that God will work in hearts, and that many decisions will be made for Christ this week. Also, continue to pray for Susan's health – it's been a very rough year for her.

Reaching Families for Him,

Tim & Susan ☺
