

Prayer and Prospect List

List on this sheet the people that you as a concerned family plan to invite to our VBS. Each family member can have a part and can be responsible for bringing several people to the Lord during this week. Pray for each prospect before you invite them and record the response of each contact. Offer transportation to and from the meetings. When bringing young people, be sure to take the time to talk with their parents and extend an invitation to them as well.
