Dear Praying Friends,

We are nearly finished preparing our next ministry update, *Good News Reflections*. Tim and I usually write the updates together, and then I (Susan) work on the pictures and online formatting to get everything ready to send. It's been in progress for a while now, but due to my ongoing weakness and fatigue, we haven't been able to complete it as quickly as we had hoped. I sincerely apologize for the delay. Lord willing, we plan to send it out sometime this coming week.

In our coming update, we'll share how God has been at work—even in the midst of unexpected changes. Although we had to cancel most of our weeklong meetings, we're incredibly thankful that God graciously provided many opportunities for weekend meetings. It's a reminder that we serve a Sovereign God who lovingly oversees every detail of our lives.

Tim is leaving in the morning for a special Sunday at ***Knobs Baptist Church***, in Tower Hill, IL. We were originally scheduled to be there this summer for a *Family Crusade*, but had to cancel because of my health. Please pray for Tim's safety and protection as he travels, and that God will use him to be a blessing and encouragement. Our prayer, as always, is that someone would come to Christ for Salvation.

On a personal note, I am beginning to see some improvements in my health. The black mold levels in my system have come down from the red zone (high risk) to yellow (moderate risk). ***Praise the name of the Lord!*** I still have a long way to go, but I'm so thankful for these positive changes.

I have an important doctor's appointment this coming Tuesday, September 30th, with Dr. Potter (my Functional Medicine doctor), who will go over the results of a number of recent tests. Please pray for wisdom and clarity as we discuss the best path forward for treatment.

Thank you so much for your continued patience, your faithful prayers, and your ongoing support—it means more than we can express.

Joyfully His,
